About Me

Expertly blending analytical problem-solving with modern frontend technologies like Typescript and ReactJS. Passionate about building accessible, data-informed user interfaces and collaborating in Agile environments to deliver high-quality web products.

Language

- English (Fluent)
- Swedish (Professional)
- Hindi (Native)
- Marathi (Native)
- Sanskrit (Basic)

Education

Frontend Development

Medieinstitutet

2025 - 2027

Focused on building scalable, accessible, and high-performance web applications using modern JavaScript frameworks.

Bachelor of Arts

Mumbai University

2009 - 2011

Developed a strong foundation in analytical thinking, data interpretation, and complex problem-solving.

Experience

Freelance Web Developer

DevArena Solutions

2019 - 2021

- Designing and developing responsive, user-centric web interfaces using HTML, CSS, and JavaScript.
- Translating client requirements into functional code while ensuring cross-browser compatibility and mobile responsiveness.

Private Tutor

RS Private Tutorials, Mumbai

2011- 2014

- Taught History, Science, and Economics to elementary students, simplifying complex topics into easy-to-understand concepts.
- Student Impact: Improved student engagement and grades through structured, logical lesson plans and personalized problem-solving.
- Key Skills: Developed the logical thinking and clear communication styles that I now use to build intuitive user interfaces and clean code.
